

Quality Service...A Standard at Delta Dental

Delta Dental is pleased to provide you with the service you have come to expect from the industry leader in dental benefits. In fact, providing the best service possible is so important to us that we made Quality Service one of our Core Values. To that end, we've created many convenient ways for you to access any information you may need about your dental coverage.

Use Your Computer

Visit Consumer Toolkit at www.deltadentalmi.com. The Consumer Toolkit will allow—in a very secure environment—our covered members and their spouses to easily verify eligibility of subscriber and dependents, review up-to-date benefits information (such as how much of your yearly benefit has been used to date, how much is still available to use, and levels of coverage for specific dental services); review specific claims transactions, reimbursements, and payments; and access a searchable dentist directory.

Use Your Telephone

Call DASI (Delta's Automated Service Inquiry) system at 1-800-524-0149, 24 hours a day, seven days a week. This system provides eligibility information, benefit levels, claim status, time limitations, available benefits for oral exams, cleanings and X-rays, our mailing address and the names of participating dentists near you. If you have additional questions, you may exit the system to speak with a Customer Service associate at any time during normal business hours (Monday through Friday from 8:30 a.m. to 7:50 p.m. Eastern Time).

Use Your Cards

Below are your Delta Dental identification cards. Please note that our toll-free telephone number and Web address are printed on the back of these cards for your reference.
